Providing hope beyond the crisis!

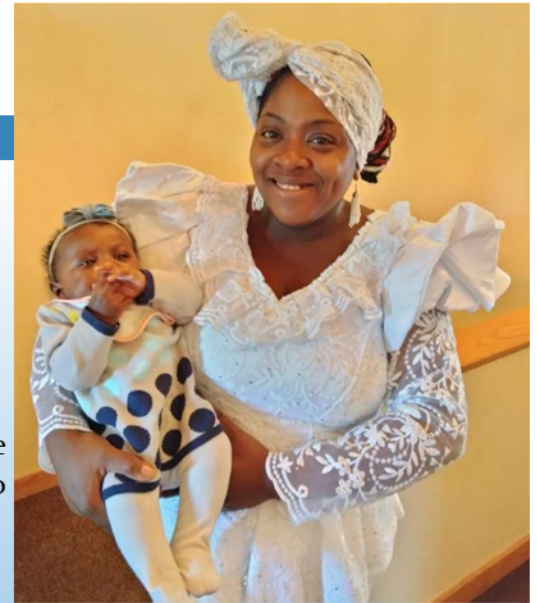

*A Mother's Hope...
A Child's Life!*

MISSION

Cradle of Hope encourages life by providing financial aid to women and babies in crisis, especially those women who might not choose life because of financial pressures.

Genice was considered a high-risk pregnancy due to some medical reasons. She was also a little worried about having a baby at her age and the things that could possibly happen during delivery. She didn't know where her baby was going to sleep because she didn't have money for a portable crib so she googled "assistance with cribs" and found Cradle of Hope.

Genice came to Cradle of Hope's safe sleep class when she was about 8 months pregnant. She liked the staff and learned a lot of things about how her baby could sleep safely. She took a lot of notes and asked a lot of questions. She really appreciated how the instructor was so open to talking with her even after class. In addition to the portable crib, she also received a baby shower basket filled with baby items. She loved everything in the basket and uses everything she received.

About a month after the Safe Sleep Class, Genice was in labor for 3 days. She was grateful for her Doula who was with her the entire time. Her daughter, Genesis, was born on Nov 15th. Soon after, Genice returned to her job and continues to work and provide for her family.

"Thank you from myself and baby Genesis. Cradle of Hope is a very great organization for first time moms or for anyone who is struggling with their pregnancy or birth. I've been using the safe sleep techniques I learned and I'm thankful for all the resources that were provided. I'd recommend this class to anyone in need of help."

Genice is happy and grateful for the support she received from Cradle of Hope. Even though life can still be tough, she is a strong believer that God will take care of her.

With your help we are providing hope beyond the crisis.
